*Enthusiastic graduate seeking to start a career as an entry-level software engineer with a reputed firm driven by technology. Proficient in Java, C, C++, HTML, CSS, Javascript. Passionate about implementing and launching new projects.*

## AREAS OF EXPERTISE

---

**Associate Software Engineer, 08/2023 – 01/2024**  
**Einfachzauberer Technologies Pvt.Ltd, Bangalore**

**Project Title :** Attendance Monitoring System

**Team Size :** 8

**Technologies used :** Java, J2EE, Servlets, JSP, Hibernate, JPA, Oracle (MySQL)

**Description :**

- Attendance Monitoring System is an application which is responsible for maintaining the system and also, keeping a check on the registration, all the activities of employees, management of the system, etc.
- On the other hand, Managers & employees can register themselves, log in using the login credentials, manage profiles, keeps a record, and tracks the employee and their active time in the organization, etc.

**Roles & Responsibilities :**

- Developed screens, Controller classes, business services, and DAO layer respective to the module assigned to me.
- We have Implemented this project using Servlet and JSP, JSTL. At the front end, we have used HTML, CSS, and Bootstrap.
- At the data access layer, we have used the JDBC API. The Database used here is MYSQL.
- The whole project is following the MVC (Model View & Controller) design pattern.
- Developed User Interfaces using HTML, CSS, bootstrap, and JSP's for user interaction.
- SQL query optimization to enhance the application performance.
- Configured and deployed web application on Apache Tomcat Application Server for connectivity with front end and back-end.

**Web Developer Intern, 09/2022 – 10/2022**

**Softora Technologies Pvt.Ltd, Bangalore**

Softora Technologies Private Limited is a Private incorporated on 08 September 2020 and was founded by Suraj Tiwari. It was initiated by a group of young adults who didn't want their college life to be just assignments. They paved a way for themselves, an opportunity like no other, Softora.

**Achievements/Tasks :**

- This 6 week's internship helped me to gain knowledge of the frontend of a website.
- Learned new web technologies like HTML, CSS and Bootstrap.
- Developed basic programming skills using Java and JavaScript.
- Be able to embed backend and front end together for better functionality of the website.
